## SKILLS

---

*Languages:* Java, Python, HTML, CSS, Kotlin, XML, C++  
*Other:* Arduino, Office 365, Android Studio, Raspberry Pi, AutoCAD, SolidWorks

## EDUCATION

---

### BE Nanotechnology Engineering

Sept 2020 - Present

University of Waterloo | Waterloo, ON

- GPA : 3.71
- Relevant Course: NE 100

## SUMMARY OF QUALIFICATIONS

---

- *Essential leadership, communication and teamwork skills to manage team projects for my Robotics Club, Arduino project and Camp Riverwood roles.*
- *Valuable time-management skills in quick follow-through and stressful situations through working on Notify and Camp Riverwood respectively.*
- *Strong understanding of Nanotechnology concepts from NE 100 course shown by mark of 94%.*

## EXPERIENCE

---

### Camp Counsellor

Jun 2019 - Aug 2019

Camp Riverwood | Pickering, ON

- Collaborated with others effectively to maintain a safe work environment for a dozen children.
- Served as exceptional role model to several age groups and personalities throughout camp programs and associated activities.
- Assisted in maintaining accurate program records, including incident reports, logbook documentation, and daily attendance.

### Notify

May 2020 - Present

Android Development | Kotlin, XML

- Currently developing an Android application which allows users to schedule appointments for a variety of businesses.

### Robotics Club

Sep 2018 - May 2020

Executive Member | Pickering, ON

- Participated in and led Robotics meetings with approximately 20 members authoritatively and efficiently.
- Created, taught and tested various aspects of autonomous and semi-autonomous robots effectively for the 2019 and 2020 Ontario Skills Competition using Raspberry Pi and Arduino.

## PROJECTS

---

### Arduino

- Designed a working fan with separate speed levels with an LED indicator.
- Designed several other small scale projects for a Computer Engineering course that utilize communication between software and hardware resulting in a mark of 100%.
